THE GENERAL PRIMARY

In Pennsylvania a primary election is held each spring, allowing voters registered as Democratic or Republican to select their party’s candidates for the general election in the fall. Pennsylvania has closed primary elections, which means voters receive only the ballot for the party in which they are registered. Primary ballots list all candidates for each office who are seeking to become either the Democratic or Republican nominee. It does not include candidates from any other party. Independent and third party voters do not receive any party’s ballot and may vote only on ballot questions, if applicable. There are no questions on the ballot for this election.

In this Voters Guide the nominees are listed by office. All those whose names appear on the official ballot for each office are listed together by party, with the nominees for the party of the governor appearing first. Within each party group, candidates appear in ballot order, which is determined by lottery.

This publication is provided free of charge by members of the League of Women Voters of the Lewisburg Area. The League thanks the Union County businesses (see page 11) and individuals who so generously contributed to the financing of this Guide.

The League of Women Voters

The League of Women Voters is a nonprofit organization of women and men whose purpose is to promote political responsibility through informed and active participation of citizens in government. The League is nonpartisan: it does not support or oppose any candidate or party. It does, however, take positions on public issues and encourages its members to participate as individuals in the party of their choice. League members study and reach agreement upon issues before taking such public positions.

Contributions to support this activity are greatly appreciated and inquiries are welcome. Tax-deductible contributions can be made out to LWVLA Education Fund and sent to PO Box 206, Lewisburg, PA 17837. You may go to our League of Women Voters of the Lewisburg Area website at LWVLewisburgArea.org or contact us at 570-524-4439.

For more information about the League, voting, or government in Pennsylvania, please contact the League of Women Voters of Pennsylvania at (717) 234-1576, info@palwv.org, or 1425 Crooked Hill Road, PO Box 60890, Harrisburg, PA 17106-0890; website at www.palwv.org. Additional candidate and voter information, including links to candidate videos, can be found at Vote411.org.

HOW WE GET OUR CANDIDATE INFORMATION

Candidates were invited to enter their responses on the Vote411 website in their own words. Vote411.org is provided by the national League of Women Voters Education Fund. We thank the League of Women Voters of Pennsylvania (LWVPA) for collecting candidate information.

To create this Voters Guide, the League of Women Voters of the Lewisburg Area (LWVLA) used candidate responses submitted to Vote411.org by April 12th, 2022. We also include information specific to Union County voters, such as polling places and local League information. LWVLA does NOT edit candidate responses except to maintain standard formatting. Candidates may have updated, edited, or added to their information on Vote411.org since the deadline.

Join us in making our communities fair, vibrant, and strong!

If you found this Voters Guide informative and helpful, please consider joining the League of Women Voters of the Lewisburg Area.

All women and men who are 16 years of age or older are welcome to join. The League of Women Voters of the Lewisburg Area serves all of Union County. We have and welcome members from throughout the county. We need your help in encouraging voters’ informed participation in government and getting information about elections and candidates to all parts of Union County.

The League of Women Voters is a trusted and nonpartisan organization; we do not endorse any candidates or political parties. We work to increase understanding of major policy issues, and to influence public policy through education and advocacy at the national, state, and local levels. In Union County, we hold monthly lunch forums open to the public on topics relevant to our communities, publish the Voters Guide and Facts for Voters, hold Candidates Nights, and more. Join us!

United States Senator

Description of office: The U.S. Constitution prescribes that the Senate be composed of 100 members (two Senators from each state). One third of the total membership of the Senate is elected every two years. Senators must be at least 30 years of age, a citizen of the United States for at least nine years, and be a resident of the State from which they are chosen at the time of the election. Senators write and vote in favor of or against final bills and serve on various policy committees. The Senate has several exclusive powers not granted to the House, including advice and consent on presidential nominations and treaties and conducting the trial of federal officials impeached by the House.

Term: 6 years
Salary: $174,000
Vote for ONE.

All candidates for United States Senator were asked:
1. What issue(s) would you prioritize, and how would you work with others in government to get legislation passed and signed into law?
2. What will you do in office to ensure all eligible voters have equal access to free and fair elections?
3. What measures, regulations, or acts, if any, would you support to mitigate climate change?
4. How do you view the role of the U.S. in responding to challenges facing the international community?

**ALEX KHALIL**
Montgomery County

Education: BS Electrical Engineering Technology from Temple, MS Information and Library Science from Drexel, JD, from Temple Law School

Occupation: IT Quality Specialist

Qualifications: I am a lenientknot Boro council member elected twice, activist, attorney, single mom of a dyslexic child and a daughter of immigrants, educator and small business owner

Answer to question 1: Lower prescription drugs, bring back manufacturing to the US, economic and environmental renewal. Focus on clean water, air and healthy soil. Combat climate change. Stand for Human Rights. Healthcare as a human right

Answer to question 2: Alex supports and will protect the right of every eligible American citizen to vote by mail in ballot or in person voting. Voter suppression will not be tolerated in any form and will fight for the right to vote. Alex supports stiff penalties for those who try to suppress the vote. Voting is a part of democracy and should be protected.

Democratic

**CONOR LAMB**
Allegheny County

Education: BA, University of Pennsylvania; JD, University of Pennsylvania Law School

Occupation: U.S. Representative, PA-17

Answer to question 1: My first priority is to do my part to help protect our democracy. That starts, I believe, with eliminating the filibuster so that we can pass the John Lewis Voting Rights Advancement Act and the Freedom to Vote Act. I will also work to pass the many other important bills that we’ve passed in the House – including to raise the minimum wage, protect the right to choose, cut prescription drug prices, prevent gun violence, and Build Back Better, among others.

Answer to question 2: I will vote to eliminate the filibuster and to pass the John Lewis Voting Rights Advancement Act and the Freedom to Vote Act, as I have in the House, so that we can prevent states from passing the kind of discriminatory voting restrictions that we’re seeing come out of Republican state legislatures across the country. I will also continue working to reform our campaign finance laws.

Answer to question 3: The world emits 51 billion tons of greenhouse gases each year, and we need to get to zero by 2050 to avoid the worst effects of climate change. I support a comprehensive plan to accomplish that, and a flexible energy policy that invests in several different energy sources. I believe natural gas has a role to play as a bridge fuel as we continue to expand renewable energy sources and develop the technology we need to store renewable energy at grid scale. In the House, I helped increase research funds for solar and wind, as well as for modernizing the grid. I also passed a law to reinstate tough methane standards. And I support major investments in carbon and methane capture technology. You can read more about my plan at https://conorlamb.com

Answer to question 4: That’s a very broad question, particularly when there are so many challenges to the international community right now, and different challenges require very different responses. In general, I think it is important for the U.S. to stay actively engaged with the rest of the world, to play the leading role in building international coalitions to confront problems like climate change and COVID that affect all of us, and to support democracies and promote peace and human and civil rights wherever they are threatened.

**MALCOLM KENYATTA**
Philadelphia County

Education: Bachelors - Temple University, Masters - Drexel University

Occupation: Representative in Pennsylvania General Assembly

Qualifications: Not provided

Answer to question 1: I’m in this race to make sure the basic bargain is accessible to all folks, good jobs backed by a union, the ability to go to the doctor and to afford the prescription you may need and to go to a safe school and get an education.

Answer to question 2: The insurrection on January 6, where armed white supremacists tried to execute elected officials to forcibly overturn the certified results of a fair and free election, has already begun inspiring lawmakers throughout the US to make it harder for marginalized communities to vote. 48 states, including Pennsylvania, have introduced or passed oppressive voting bills that restrict access to the ballot box. Increased voting by mail allowed a surge in democratic participation across communities and demographics in 2020, resulting in the highes have outlined an 8 point plan for protecting our democracy and moving forward legislation that matters here. https://malcolmkenyatta.medium.com/a-new-day-for-american-democracy-an-eight-point-plan-24bd7e232f24

Answer to question 3: Our planet is rapidly approaching the point of no return as global temperatures continue to rise. The United States must lead the world in responding to the climate crisis on the scale, scope, and urgency this moment requires. But climate justice isn’t limited to reducing our dependence on fossil fuels. That means we need a moratorium on new fracking and to end tax breaks to oil and gas giants, shifting our resources to fund a just transition and investments in green energy technology so Pennsylvania remains an energy leader. Climate justice means investment in green union jobs for workers leaving the fossil fuel industry, accountability for the communities poisoned by fossil fuel extraction, and innovation. Especially in states like PA where we must continue to protect our NATO allies, Israel, and other major non-NATO allies across the world.

**JOHN FETTERTER**
Allegheny County

Occupation: Lieutenant Governor of Pennsylvania

Answer to question 1: Among my top issues are tackling income inequality and economic injustices; raising wages and benefits for working families; reforming the criminal justice system; codifying Roe v. Wade into protections for the LGBTQ+ community; protecting and expanding the right to vote; and protecting and expanding the union way of life.

Answer to question 2: I would strongly support legislation in Congress, such as the John Lewis Voting Rights Act, the For the People Act, and the Freedom to Vote Act, which aim to expand voting rights. It is important that we make it easier for people to vote, eliminate dark money in politics, and knock down restrictions that marginalize voters, mostly voters of color. I would proudly eliminate the filibuster to do it.

(continued on next page)
the aftermath of the 2020 elections, I was removed from the floor of the PA state Senate after resisting Republican efforts to refuse to seat Senator Jim Brewster after he fairly won his election. We must ensnare the right to vote into federal law to stop Republicans from undermining it, and as Senator I will do everything to make that happen.

**Answer to question 3:** Climate change is an existential threat, and we need to transition to clean energy as quickly as possible. I have never taken a dime from the fossil fuel industry, and I never will. It's a totally false choice that we have to choose between jobs and a clean environment. We can have both, that's why I am always going to fight for creating thousands upon thousands of good-paying green union jobs as we transition, all while increasing our energy independence. My plan for the transition to clean energy starts with immediate investments into research and development and innovation; expanding renewable energy sources; and ensuring clean transportation infrastructure; and investing in environmental justice measures.

**Answer to question 4:** I am very happy that President Biden is rebuilding the US's standing in the international community after former President Trump damaged it so much. As a world leader, America must first and foremost ensure proper diplomatic relations, protect its allies, and engage in vigorous diplomacy across the globe. In addition, there is a need, and to the extent that we can, America must help. That includes accepting refugees fleeing war in their countries, or providing humanitarian aid, military aid, and other support to countries like Ukraine that are defending themselves from attacks on their sovereignty by brutal dictators like Putin.

**Republican KATHY BARNETTE**

*Montgomery County*

**Education:** College Graduate  
**Occupation:** MOM | Veteran | Author | Political Commentator  
**Qualifications:** Kathy Barnette is a veteran, former adjunct professor of corporate finance, sought-after conference speaker, & conservative political commentator. Kathy served her country proudly for 10 years in the Army reserves.

**Answer to question 1:** I will work to make America energy independent again. As your U.S. Senator in Pennsylvania, I sponsor or co-sponsor legislation that reverses the hostile environment in the energy sector that Biden and Democrats have created and reinstate drilling for natural gas and oil on federal lands. I will work to grow our economy by creating an environment where our companies do not have to flee our nation to escape onerous taxes and regulations. I will work to create an economy where the middle class are not perpetually squeezed. And, I will work to create an economy where those who find themselves below the bottom rung of the economic ladder believe there is hope for them to work to create a different life for themselves.

**Answer to question 2:** If the election of 2020 has taught us anything it is that elections have consequences and that nothing is more important than the people knowing that their votes count. I will work to enforce the obvious fact that IDs matter and must be shown before a person is allowed to vote. I will work to remove those people who no longer live in the state. I will work to reverse Act 77. I will work to make it illegal for third-party entities to spend massive amounts of money to assist states with their elections (i.e., Zuckerberg’s entities spending money to install drop boxes in certain areas)

**Answer to question 3:** I will work to make America energy independent again. No one is going to produce energy as clean and as safe as America.

**Answer to question 4:** America is the face of freedom. When we “lead from behind” we create a vacuum and as we are all watching unfold today, despotic regimes will move rapidly to fill that void. Today, the Biden Administration’s foreign affair’s strategy looks like a game of wack-o-mole. There’s no discernable end game. There’s no deliberate strategy and as a result the world is now a more dangerous place. If your concern is the health of the climate then the Biden Administration’s lack of a credible foreign affairs strategy is enemy #1. America’s #1 challenge today is the need to re-prioritize what is important to America first. Our nation must be made strong again.

**GOVERNOR**

**Description of office:** The Governor is the chief executive officer of the Commonwealth, executing the laws of the state through Executive Agencies. A Governor must be at least 30 years old and have been a U.S. citizen and resident of the state for seven years preceding the election. S/he manages the financial affairs of the state and must annually present a balanced budget to the General Assembly. The Governor has extensive appointive powers, may recommend legislation, and signs or vetoes bills passed by both houses of the General Assembly (subject to 2/3 override). S/he is Commander-in-Chief of the state National Guard, except when they are called into the actual service of the United States. The Governor can grant reprieves, pardons, and paroles. The holder of this office may only be reelected once.

**Term:** 4 years  
**Salary:** $113,026

**MAIL-IN AND ABSENTEE VOTING**

- **No-Excuse Mail-In Ballots:** In 2019, the state legislature passed Act 77 with broad bipartisan support, allowing no-excuse mail-in ballots for all registered voters in PA. On January 28th, 2022, the PA Commonwealth Court declared the law unconstitutional, taking issue with the way it was enacted. That decision was immediately appealed. On March 1st, 2022, the PA Supreme Court ordered Act 77 to remain in effect while they consider its legality.

  The Department of State has a single message for Pennsylvania voters: The ruling on the use of mail-in ballots has no immediate effect on mail-in voting. Go ahead and request your mail-in ballot for the May primary election. Go to vote.pa.gov or contact the Union County Elections Office for the most up-to-date information.

- **Absentee Ballot:** Absentee ballots are still available to those who satisfy certain criteria (illness, disability, or absence from the municipality on Election Day).

  **Note:** Absentee ballots are NOT part of Act 77, and any future court decisions regarding Act 77 will not affect them.

- **Ballot Application Deadlines:** Completed civilian applications for mail-in or absentee ballots must be **RECEIVED** by the County Elections Office by 5:00 p.m. on May 10th, 2022 (postmark does **not** matter). If an emergency arises (unexpected illness or business trip) after this application deadline and before Election Day, you may obtain an emergency application from the County Elections Office.

- **Returning Your Ballot:** If you mail your mail-in or absentee ballot, you must provide postage. Alternatively, you may drop off **YOUR** ballot at the reception desk of the Union County Government Center (see contact information at the bottom of this box).

- **Ballot Return Deadlines:** Completed civilian mail-in or absentee **Ballots** must be **RECEIVED** by the County Elections Office by 8:00 p.m. on Election Day (Tuesday, May 17th, 2022) (postmark does **not** matter).

  **Note:** Once your county receives your voted mail-in ballot, you are **NOT** allowed to go to the polling place to change your vote on Election Day. **If you do not return** your voted mail-in ballot and you want to vote in person, you have two options:
  
  1. Bring your **ballot and the envelope** with the voter’s declaration to your polling place and turn it in so you can vote on your county’s voting system.
  2. If you don’t have your ballot, you can vote by **provisional** ballot at your polling place. Note your provisional ballot number so you can track it.

- **Tracking Your Ballot:** If you requested an application or ballot online, you can track the status of your application or ballot at pavoterservices.pa.gov/Pages/BallotTracking.aspx.

Answer to question 1: Criminal Justice Reform, have a fairer bond regulation that does not impact our minority, and indigent population, and meritorious commutations of sentences with a path to rehabilitation. Revamping our emergency response system and infrastructure to withstand a natural disaster due to climate change. I have 15 years of experience reaching across the isle to get legislation signed into law. As the future president of PA senate, I would be the peacekeeper of the senate. Keeping in mind that the PA Lt. Governor is the Lt. Governor for everyone, there are plenty of opportunities to create good will if I allow everyone regardless of political party to share their points and voice their opinions. That's how you get things done!

Answer to question 2: There is a growing trend in PA where electoral maps are being challenged and redrawn to benefit only one party. There is also a trend to restrict the manner in which you choose to cast your vote. I would oppose any law that seeks to limit voting rights or represents an attempt at voter suppression. Our focus must be in facilitating and extending our voting options to defend our constitutional right to cast our vote. This is regardless of the party you belong to.

Answer to question 3: I believe that our incumbents have not paid any attention to our air and water quality for the last 10 years, at least. The water quality in most of our major cities is deplorable and as a result the air quality is disastrous as well. It has come to a point that most water resources are unusable and represent a threat to the health of the population. I would support legislation that aggressively imposes fines for polluters in the state. I would also support funding for programs that actively reverse the damage. I consider this well within the duties of the Lt. Governor as the chair for the Emergency Management Commission for the state. Our water and air quality is an emergency and it should be treated as such.

Answer to question 4: I believe that while we all have the right to bear arms, it should be contingent on a background check to assess criminal or violent behavior history. I am a firm believer in keeping military style weapons away from the general population, banning “Ghost Guns” and any attachments that could be used to make a regular weapon automatic. Firearms safety courses should be mandatory and we should eliminate the “Gun Show Loop”. As a society we must balance the rights of our community with the safety of our people.

**Answer to question 1:** As lieutenant governor, my role would be to primarily work to advance the governor's agenda. However, it is my desire to work as a conduit between the governor's office and the more than 2,500 municipalities. I know, first hand, as mayor of a Pennsylvania municipality, that Harrisburg often disregards us. They never ask what we need. They pass unfunded mandates and leave us to fend for ourselves. I will support and push an agenda that takes into consideration the effects legislation has on local communities. As mayor, I have an agenda, but that agenda is based in large part on input from the community. I take a bottoms up approach. Listen to the voters & community so they can help shape the agenda and have a stake & say-so in their community.

**Answer to question 2:** I support limiting mail in ballots. I support requiring ID to vote. I support auditing to be sure that we have integrity in our elections.

**Answer to question 3:** I believe in legislation that protects our environment; however, we must allow the private sector to tap into our natural resources, specifically our energy resources, to bring in new revenue sources and lower the tax burden on our taxpayers. I am not opposed to limited government oversight to insure that our environment is not destroyed, however, I do not believe a large government bureaucracy that regulates an industry into the ground is what we need.

**Answer to question 4:** I support the second amendment and am myself a concealed carry permit holder. I believe that the government has no right to interfere with our right to bear arms. I am not opposed to limited laws that are truly intended to prevent guns from falling into the wrong hands. However, I would fight against legislation that makes it hard for good, law abiding citizens to purchase fire arms. We cannot allow the minority (criminals) to dictate our laws.

**UNION COUNTY VOTING RESULTS WEBSITE**

Unofficial Union County vote totals will be posted at www.unioncountypa.org as soon as they are available. From this website, click on Elections Results under Quick Links on the left.

**NOTE:** Only Union County votes are reported here. Winners are determined by combining Union County votes with votes in the entire district for each race.
After the census, which is conducted every 10 years, reapportionment and redistricting is required so that 435 seats in the U.S. House of Representatives, 50 seats in the Pennsylvania (PA) Senate, and 203 seats in the PA House of Representatives are divided equally based on population changes. This means new district maps need to be drawn.

**U.S. Congressional Redistricting Process**

Because the population did not grow as fast in PA as in other states, PA will now have 17 seats in the U.S. House of Representatives, down from 18. The U.S. Constitution gives the primary authority to regulate Federal elections, including redistricting, to the states. The map proposed by the State Legislature was vetoed by the Governor. This dispute then went to the courts. On February 23, 2022, the PA Supreme Court chose the map referred to as “the Carter Plan” (shown above) after considering more than a dozen maps. According to the brief submitted by the Carter petitioners, their plan builds on the maps approved by the PA Supreme Court in 2018, while “preserving the cores and lines of current districts to the greatest extent possible.” On March 7, 2022, the U.S. Supreme Court declined to hear a challenge to this decision allowing this map to be used in PA for the 2022 elections.

**U.S. Congressional Districts**

The map below shows Pennsylvania's new U.S. Congressional districts. The 15th U.S. Congressional district, shown in white on the map below, includes the counties of Armstrong, Cameron, Centre, Clarion, Clearfield, Clinton, Elk, Forest, Jefferson, McKean, Potter, Snyder, Tioga, Union, and Warren, and portions of Indiana, Lycoming, and Venango counties.

**Union County: 15th Congressional District**

Voters in Union County will now be voting for a U.S Representative as part of the new 15th Congressional District (shown in white on the map to the left).

Members of the U.S. House of Representatives serve two-year terms, and the 15th district seat is up for reelection in 2022. For information on the candidates for this seat, see "Representative in the U.S. Congress: 15th District" on page 12.

**PA Legislative Districts**

The Pennsylvania State Senate has 50 State Senators. This number does not change, but the boundaries of the 50 districts have changed. Only even-numbered districts have elections in 2022. The map below shows the new PA State Senatorial districts. The 23rd PA Senatorial district, shown in white on the map below, includes the counties of Bradford, Lycoming, Sullivan, Tioga, and Union.

**Union County: 23rd PA Senatorial District**

Voters in Union County will still be voting for PA Senator as part of the 23rd State Senatorial District (shown in white on the map to the left).

Members of the PA Senate serve four-year terms. The 23rd State Senatorial district is currently represented by Gene Yaw, whose term does not end until 2024. Therefore, this Voters Guide does not contain any candidates for PA Senator: 23rd District.
PA Representative Districts

Redistricting has also changed the boundaries for the 203 PA State House of Representatives districts. Residents of Union County will now vote for PA Representatives in the new 76th, 83rd, and 85th districts, depending on their municipality. The map to the right shows the new PA State House of Representative districts for Union County.

PA Redistricting Process

The Legislative Reapportionment Commission (LRC), composed of PA Legislative leaders and a committee chair, approved new maps for the PA legislature (both House and Senate) on February 4, 2022. The PA Supreme Court heard challenges to these maps but upheld them on March 16, 2022.

Union County: 85th Legislative District

Voters will now be voting for a PA Representative of the new 85th Legislative District (shown in white on the map to the right) if they reside in:

- Union County: Townships of East Buffalo and Union
- Other: Snyder County and parts of Mifflin and Juniata counties

For information on the candidates for this seat, see "Representative in the 85th Legislative District" on page 13.

First-Time Voters at a Precinct

Have ID and Proof of Address with You!

Voters appearing at a precinct for the first time must show identification (ID). If you registered by mail, the first time you vote you must bring a photo ID or other ID that shows your name and address. Sample valid forms of ID include: a valid PA driver’s license or PennDOT ID card, any other photo ID issued by a U.S. or PA government agency, a Voter Registration ID card, a valid U.S. Passport, student ID card, etc. If you do not have one of these forms of ID, call the Union County Elections and Voter Registration Office at 570-524-8681 to get a list of additional, acceptable forms of ID.

Answer to question 1: Millions lack access to reliable, high-speed internet service, particularly in rural America. COVID-19 highlighted the urgency for connectivity, as so much of life shifted online. I will continue to work to close the digital divide and bring connectivity to rural America. Throughout my time in Congress, I have consistently worked in a bipartisan manner to achieve common ground and consensus. I credit my career in healthcare and volunteer experiences, whether scouting, as an EMT and firefighter, or on school board. Each provided me the ability to work with people from all walks of life. I believe the constituents expect this from their voice in Washington. It is an honor to serve them and I am humbled by their continued support.

Answer to question 2: Free and fair elections are the foundation of our democratic system of government. It is imperative we maintain the integrity of our electoral process and ensure every American’s right to vote. While I encourage efforts to reduce illegal activities in our federal elections, Congress needs to respect the role state and local governments play in shaping their own electoral processes. Discrimination of any kind is completely unacceptable. This is not a partisan issue; all Americans should push for inclusion and participation in the electoral process.

Answer to question 3: As Republican Leader of the House Agriculture Committee, I and my colleagues have introduced bills to improve forest management, increase access to precision agriculture, restore healthy soils, and produce responsible energy and conservation incentives. We cannot sacrifice a healthy economy for a healthy environment, and vice versa. Natural solutions work, and we know that farmers, ranchers, and foresters are the key to those solutions. I also have authored the SUSTAINS Act, which will encourage private-sector partnerships by encouraging businesses to support sustainability through investment in conservation practices. Thoughtful, science-based policies will help promote a stronger agriculture economy and healthier environment.

Answer to question 4: The U.S. plays a critical role in shaping international policy together with those countries that share our values. There are a number of diplomatic tools at our disposal to discourage bad actors from inflicting harm. I am a strong supporter of the U.S. Institute of Peace, which Congress established in 1984 with President Reagan, to improve national security and global stability by reducing violent conflicts abroad. We should always strive to mitigate conflict through diplomacy, but as an Army dad, I know we must also continue to have the best funded, highly trained, and lethal fighting force on the planet. And we must be there for our troops when their service concludes.

State Legislature

Representatives in Pennsylvania Representative in the General Assembly were asked:
1. What issue(s) would you prioritize, and how would you work with others in government to get legislation passed and signed into law?
2. What changes, if any, would you support making to Pennsylvania’s voting laws?
3. Article 1, Section 27 of the PA constitution guarantees the rights to clean air, pure water, and the preservation of the environment. What actions would you take to protect these rights?
4. There are several pieces of gun legislation being considered on comprehensive background checks, red flag laws, and firearm safety training. What is your position on these measures?

Answer to question 1: In Pennsylvania, half of those in state prison for drug offenses were arrested for Marijuana related charges. This equates to millions and millions of dollars in taxes spent each year they are in prison for something that is legal in many state surrounding Pennsylvania. Not only does this drain money from taxpayers pockets, but Pennsylvania with be left in the dust of the fast growing marijuana industry, losing out on potentially tax cutting sources of revenue. In New York, the marijuana industry is estimated to reach a value of more than seven billion dollars by 2025, enough tax revenue to severely improve many programs and lives in Pennsylvania. Legalizing marijuana is a popular and common sense solution to lowering taxes and creating jobs.

Answer to question 2: Voting is the right of every eligible citizen, and so every step should be taken to ensure that voting is as simple and accessible as possible for everyone. As long as the proper precautions are followed to ensure every vote is fairly counted, mail-in and absentee ballots allow many who would otherwise be unable to make it to their polling place to still make their voice heard. The democratic process applies to everyone, even if you lack a car to drive to a polling place, or are unable to leave the house, or any other reason.

Answer to question 3: Like all constitutional rights, the right to natural resources under the PA constitution absolutely must be ensured as a priority. Special attention must be given to the maintenance of not only natural parks and public spaces, but also to ensuring the quality of the environment and resources necessary for life are also managed and kept at the highest quality and standard. Holding high polluting businesses responsible while also investing in green technology will be essential in the future to maintain the high quality and access to natural resources we enjoy today.
We must all be good stewards of the environment and waterways would be a first step to control their emissions and environmental impacts, including gas drilling, logging, and other industries that impact our forests and waterways would be a first step to implementing this section of our constitution. We must all be good stewards of the environment in this beautiful state.

**Answer to question 2:** While I am a major supporter of the second amendment, common sense background checks can be a small inconvenience in order to protect our communities and lower preventable gun violence. Firearm safety training is an absolutely common sense that should be widely available to any gun owner. One of, if not the most, common causes of injury via firearm is from accidental discharge and accidental injury, which can often be prevented with training and proper understanding of firearm safety.

**Answer to question 1:** One of my top priorities is education. When our schools are equitably funded, our children can get the education that they deserve. A child should not be disadvantaged in their pursuit of their career goals due to where they live. Yet, so often, rural districts do not receive the funding they need to be competitive. This is something that I think all people could agree. I would work to establish connections with other legislators and use current statistics and testing data to show the disparity in our current system. Children and the education they receive are the only things that can continue to support our state through expansion of the future workforce.

**Answer to question 2:** I would support making election day a holiday, so that all voters could vote in our elections. I would also support lengthening the time that voting could happen so that all voters (and others) to trust the State when it comes to voting. I would remove ballot boxes and restore faith in the system by combining technology with traditional voting requirements. I would also align with other house members in requiring voter ID cards.

**Answer to question 3:** I would continue to make sure manufacturing and commercial industries followed existing rules, especially in urban areas. My theme is 'personal responsibility' but this would also extend to industries. Section 27 was created for a reason. Pennsylvanians deserve to enjoy the clean air and streams that make the State one of the most beautiful in the nation.

**Answer to question 4:** I am an amendment rights advocate. I have also developed software for Mental Health and Drug and Alcohol assessments and screenings. Some folks such as veterans are afraid they will lose their rights if they seek MH services. We must have outreach to these and other groups and have leadership that can do more than talk - but can listen.

### Background:

In 2016, the League of Women Voters of the Lewisburg Area (LWVLA) was the recipient of a generous grant from League members Rebecca and James Mauch for the purpose of identifying and implementing strategies for engaging millennials in the civic life of our democracy.

### Mission:

The mission of the LWVLA Mauch Millennial Project is to engage young people (aged approximately 16-35) in the civic life of our democracy in the United States in general, and specifically in the LWVLA’s service area of Union County, PA. To that end, the LWVLA Mauch Millennial Project began developing and implementing a series of initiatives beginning in 2016.

### Mauch Initiatives:

The initiatives include activities at local high schools and middle schools, various voter education events, community civic engagement opportunities for young adults, the Bucknell-Mauch Fellowship Program (co-sponsored with the Bucknell Political Science Department), a LWVLA-sponsored voting exhibit at the Lewisburg Children’s Museum, and online resources for voters.

**To learn more about the Mauch Millennial Project, visit the LWVLA website at:**

Elections in Pennsylvania are made possible by thousands of regular citizens serving as poll workers across the Commonwealth.

We all depend on responsible workers to run smooth elections.

Get involved today!

BENEFITS OF BEING A POLL WORKER

- Learn about elections in PA
- Gain valuable experience
- Get paid for trainings and election day
- Help your local community

REQUIREMENTS

To be a poll worker in Union County:

- You must be registered to vote in the county.
- Government officials and government employees are NOT allowed to serve as poll workers. Exceptions exist for district judges, notaries public, and members of the Pennsylvania National Guard.
- You are generally NOT allowed to serve if your name appears on the ballot, unless you are running for Judge or Inspector of Election.
- Judges of Election must be available for the ENTIRE election day, from before the time the polls open at 7:00 am, until after the polls close at 8:00 pm. Poll workers generally work for the entire day on Election day, but half-day shifts are available.
- You should attend poll-worker training. Counties train poll workers on their election day duties. All poll workers are paid for the time they spend working on election day.
